

LOCKER group

**NO MATTER WHAT
MOBILE GEAR
YOU'VE GOT**

LOCKER group

CAN SCREEN YOU!

LOCKER GROUP UNDERSTANDS YOUR SCREENING REQUIREMENTS!

WE'VE GOT THE SOLUTION FOR YOUR MOBILE SCREEN OPERATION

Over the last 50 years, Locker Group, through its involvement in screening media, materials handling machinery, walkway and access products, has developed an intimate knowledge of the Resources market.

Locker Group is here to support your screening requirements, offering screening media to meet the demands and flexibility of a changing market. Locker Group's Mobile Screening Database is designed to capture the screening specifications of the most popular Mobile equipment, and provide a high quality service designed to minimize your down-time and maximize your profits.

Contact Locker Group with the details of your machine (make and model) and we'll quote you for the part specifically designed for your machine.* If your machine has been modified, we can send an Extractive Screening Solutions Representative to measure your equipment, and specify the screen to meet your needs. We will then keep the details on file for easy re-ordering.

TO SUPPLEMENT OUR RANGE OF STANDARD SCREENING OPTIONS, LOCKER GROUP OFFERS:

- **PIANO WIRE SCREENS**
- **POLY SPRAY NOZZLES**
- **WEAR PARTS**
- **SIDE CLAMPING BARS**
- **HOLD DOWN BARS**
- **AND A RANGE OF OTHER ACCESSORIES TO COMPLIMENT YOUR MACHINE SETUP.**

* Based on OEM specifications
